

**Isn't It FUN to
Wash Your
Hands (w/
soap)?!**

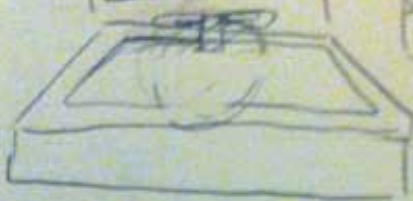

We think (hope) so!

zena koo and tiffany chou

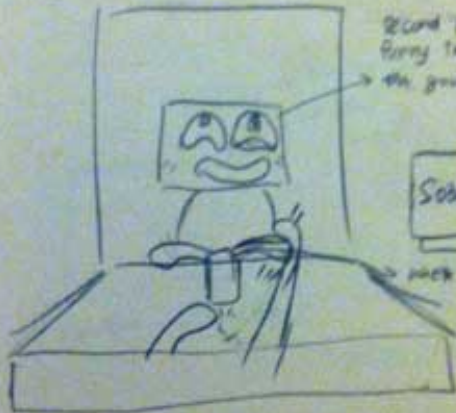

First project
with camera

use
the
step

2nd projection
funny image block
the your face

pick you
turn for
water

when you use the
Soap

third project
a record of
funny that
video

first projection
with warning

use
the
soap

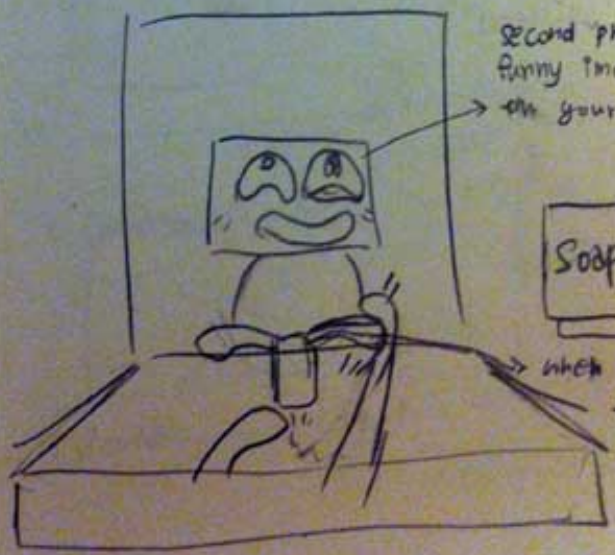

Soap

second projection
funny image block
on your face

Soap

when you
turn for
water

Materials Acquired

- Samsung Pico mini projector
- Two-Way mirror acrylic
- Mac Mini
- Shelving system

Things we are contemplating:

- Gamification of the act of washing hands
- Visual reward for act of washing hands
 - What do you want the reward to be?
 - Fun .gif or funny part of a (cat) video on youtube?
- Is a more physical-computing interface preferable?
